Virginia Lottery's Support of Public Education by School Division

This list, provided by the Virginia Department of Education, outlines the \$160.2 million (37%) of Lottery proceeds distributed in Fiscal Year 2006. Proceeds are used for educational priorities as determined by the locality within certain limitations. Another \$253.9 million (59%) of the Lottery proceeds were used to fund a portion of the state's share of the Basic Operation Cost for education. The other \$19.2 million (4%) was used to fund the state's share of the Standards of Quality prevention, intervention, and remediation

program. An additional \$14 million from unclaimed prizes in Fiscal Year 2006 went to the Literary Fund, which supports school construction, renovation, and teacher retirement funding.

For FY06 (July 1, 2005–June 30, 2006), a total of \$433.3 million in Lottery proceeds was distributed. Lottery profits for the year totaled \$454 million. The remaining \$21 million will be distributed in FY07.
